Attention all visitors

In response to the recent outbreak of the Coronavirus (COVID - 19) we ask all visitors to self-screen before entering this building, to help lessen the spread of the virus.

Do not enter if:

1. You have visited a high-risk country in the past 14 days (e.g Europe, China, Hong Kong, South Korea)
2. You have had contact with any possible source of the virus
3. You have had a fever of 37.5C / 100.4F in the past 24 hours and respiratory problems with at least 2 of the following symptoms: Cough, Sore throat, Runny nose, Nasal congestion.

If you have met any of the above criteria please return home and contact NHS 111 for advice.

If you are safe to enter please do so and follow the guidance below:

1. Wash your hands regularly and thoroughly
2. Avoid touching your face with your hands
3. Use tissues and bin after use

SS 01 V1 - 400mm x 600mm

Coronavirus
Help stop the spread

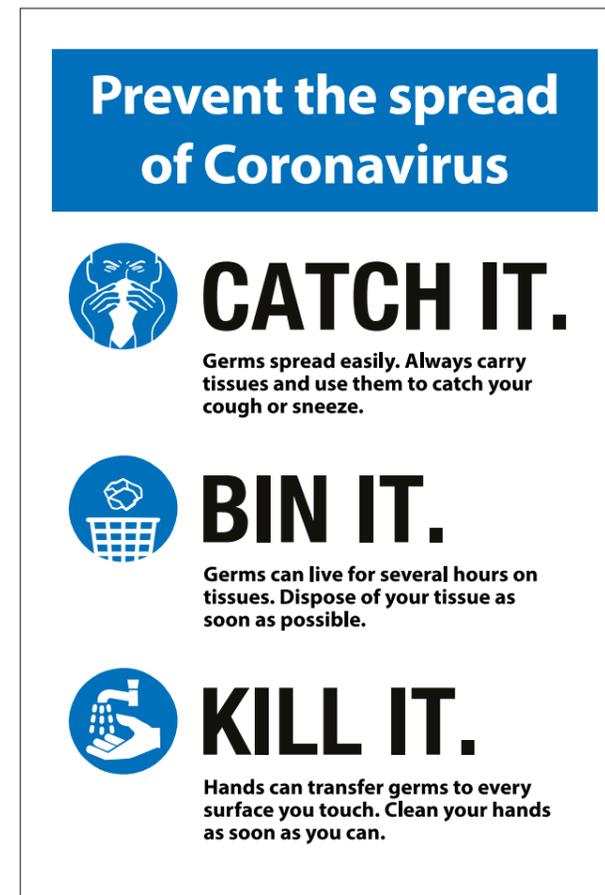

Follow these 6 simple steps to protect yourself and those around you from the Coronavirus.

What YOU need to do

- 1. Wash your hands regularly**
Wash hands for at least 20 seconds with soap and hot water or with sanitising gel. Do this after using the toilet, touching communal items such as the kettle and before and after eating.
- 2. Don't touch your face**
Avoid touching your eyes, nose or mouth with your hands. If you need to touch your face use a tissue. Bin the tissue after contact with your eyes, nose or mouth. Wash your hands after contact with your face.
- 3. Use a tissue**
Always try to cough or sneeze into a clean tissue then bin it immediately.
- 4. Don't spray**
If you feel the need to cough or sneeze and have no tissue to hand use the crease of your elbow to stop the bacteria spreading through the air.
- 5. Regularly refresh**
Do not only rely on soap and water or hand sanitizer. Use antibacterial surface wipes to clean high traffic areas such as the kitchen counters or door handles.
- 6. Isolate**
Do not put you or others around you at risk. If you are experiencing symptoms of Coronavirus, do not go to work, do not go out, remain indoors and contact NHS 24 by calling 111 or online at 111.nhs.uk

Signs and symptoms of Coronavirus
Headache, dry cough, fever, loss of sense of smell / muscle pain and difficulty breathing

SS 02 V1 - 400mm x 600mm

Prevent the spread of Coronavirus

CATCH IT.
Germs spread easily. Always carry tissues and use them to catch your cough or sneeze.

BIN IT.
Germs can live for several hours on tissues. Dispose of your tissue as soon as possible.

KILL IT.
Hands can transfer germs to every surface you touch. Clean your hands as soon as you can.

SS 03 V1 - 400mm x 600mm

Coronavirus
Help stop the spread
