Guidance

Please note before reading further, we have tried our best to cover all placement types and make this document as generic/relevant to all Year Groups and Specialties as possible.

However, we have a large number of students coming to us from various universities and degree programmes, so there may be parts of this document that don't apply to your placement specifically.

If there is conflicting information on this document to the details sent by the Undergraduate/ScotGEM Coordinators, please follow the information sent to you directly in the first instance.

In particular, if you are on the ScotGEM degree programme, some parts will not apply to you, such as the induction arrangements, reporting procedure and in some cases, the accommodation details. Also, if your placement is based at Queen Margaret, Stratheden etc, you may also feel that there are parts of this document that are irrelevant to you.

First Day and Induction

On arrival, you will be greeted by a Medical Education Service member of staff who will summarise the basics of your placement during a short induction.

Each placement specialty will be allocated an induction time, on the morning of your first day, please let us know if you are unable to attend induction.

For placements based at The Victoria Hospital (VHK), inductions will take place in the Education Centre located on Level 2 of Phase 2 unless otherwise advised in your welcome email. For placements based elsewhere, you will find your first day instructions in the Welcome Email.

At inductions there will be some paperwork to complete, and you will collect your Medical Student ID badge and accommodation keys if applicable.

Information on what you will do following induction will be in your welcome email, be given to you at induction or sent to you by your module lead prior to arrival.

Accommodation

Victoria Hospital Accommodation

A room has already been allocated to you. If you do not need accommodation, please let us know as rooms are in high demand. For those based at VHK we have three sites for accommodation - 19 Rooms at **Rowan House**, 20 rooms at **Matthew Street** and 40 rooms at the **College of Nursing Campus**. Please note if you are placed at the College of Nursing Campus, the gates are closed in the late evening and weekends for security reasons. This information is on the notice boards on the ground floors of every block together with the key code for entry. You will also find this information on your key envelope.

Please note if you are staying on for a consecutive block, please tell us so we know to advise the Estates team that you will not be moving out on your end date.

We unfortunately cannot accommodate requests to share rooms with friends etc. as our accommodation is already very limited in relation to our student numbers.

We would also ask that you do no swap with colleagues, as we need to know who to contact for key return and for your own safety/welfare, we need to know where you will be staying for the duration of your placement.

Queen Margaret Hospital Accommodation

If you are attending a placement based at QMH your accommodation will be at Queen Margaret. To collect your keys, first you will need to pay a £30 deposit at the cashier's office located in Phase 2, then collect your keys from the Domestic Supervisor's Office on Level 3.

Please note Regional Residents will be housed at this accommodation.

Stratheden Hospital Accommodation

If you are on placement in Stratheden for Psychiatry, accommodation requests are sent to our colleagues there who will meet you and advise you of the arrangements when you arrive.

Fire Safety

There is strictly no smoking or vaping allowed in the accommodations. The breaking of this rule, or interfering with any smoke/fire detection equipment may result in being asked to leave your accommodation.

Security

You can request for a member of the Security team to walk you back to your accommodation block if you are on a late shift by calling 8888 from an internal phone.

Parking

There is free parking at our sites of accommodation. There is also free parking at the hospital. Our advice is to park at Whytemans Brae overspill car park. This is located at the very top of Whytemans Brae, opposite the ambulance depot and is about a 7 minute walk to the hospital.

Wi-Fi

Wi-Fi is available in your accommodation. There is 'patient Wi-Fi' available to access throughout the rest of the hospital. Both Eduroam and UoD Wi-Fi connections are available in the Education Centre and library. Eduroam users: omit the sms part of your e-mail address when entering as user name. You can access your University email from the library PCs as well as the NHS Fife intranet where you will also find information about teaching and clinical services.

Placement Information

Timetables and Absence

Please ensure you follow your timetable or instructions from your Local Module Lead. If you are going to be absent for any reason, you must contact your university, your module lead and Medical Education.

Assessments

Please remember it is your responsibility to ensure you get your assessment/skills passport completed and submitted to your Local Module Lead before leaving your placement.

Confidentiality

Please always be aware of where you are and who you are talking to. Even in the Education Centre please note it is not uncommon to have members of the public, patients or families present for various reasons.

Tutorials

Tutorials will be facilitated through TuBs, MS Teams or face to face.

TuBs

Please ensure you sign up for TuBs (tutorial booking system) - <https://tutorialbooking.com/>. Once you have signed up, please check that NHS Fife is included in your preferred groups so you can see the teaching offered here whilst on placement.

Teams

Some of your module leads will add you to Teams groups for general communication and tutorials, or they may send you Teams links via email for you to attend meetings and tutorials. If you need any guidance on downloading and logging into MS Teams, or on using Teams, please email your request to fife.mesbookingrequests@nhs.scot, and we will send you some instructional documents.

The Education Centre

The majority of placements will attend induction in the education centre on your first day. The centre has a locker area, main hub area with seating, a lecture theatre, various rooms for teaching and tutorials and through the door to the left of the locker area, a library.

The library and hub areas are available for you to use as study areas whilst on placement.

You can use the centres hub and library areas any time, however, if you would like to book rooms please contact fife.mesbookingrequests@nhs.scot

Please treat the education centre, as you would your workplace -

- If a room appears empty and you wish to use it, please check with a member of staff first
- Please keep the area you use clean and tidy, use the litter and recycling bins provided
- Please wear a face covering when not eating and drinking
- The rooms surrounding the hub area are used for teaching and meetings, please be quiet in this area to minimise disruption

The Skills Hub QMH

Please pay a visit to the Skills Hub in the QMH Education Centre. It is booked out most days for students should they need a place to study or practice some skills..

We have organised a timetable with our various models rotating on a weekly basis, this is available to view in the skills hub or if you'd like a copy sent to you, please ask us and we will send it to you.

All kit will be set up on a Monday and tidied away on a Friday, and you are welcome to drop in to practice your skills during that time. There will be no staff to teach you; this is purely for self-directed study, though there will generally be a member of staff around during office hours, should you have any issues with the kit.

Please ensure you sign in and out, and leave the room ready to receive further visitors.

Final Year Students and Badges

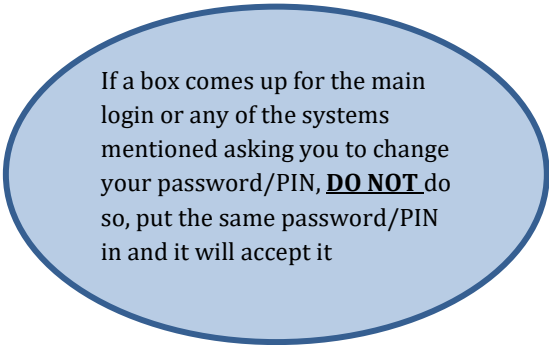

All of the badges given to you will give you swipe access wherever you need to go in the hospital. If for whatever reason your swipe access does not work, please report this to security who are based on the ground floor of Victoria Hospital beside A&E. Final year students will have IT access using your Medical Student ID Badges. Use the card readers on hospital PCs for access.

If you are not automatically signed in to any of the systems (PACS, Portal and Patientrack) or your PIN does not work, please come up to the Education Centre reception desk at Victoria Hospital where one of our colleagues will be available to assist you with this.

Please note you have access to Patientrack, not Trakcare. There is often confusion around this so we thought it best to highlight to you in this document.

If you have a Medical Student badge, your pin is 00 and your card number, for example if your card number is 12, your PIN is 0012

If you have an Assistantship/Shadowing badge and the number is 12, your PIN is 1112

If a box comes up for the main login or any of the systems mentioned asking you to change your password/PIN, **DO NOT** do so, put the same password/PIN in and it will accept it

Shuttle Bus Service

If during your placement you need to travel between The Victoria Hospital, Kirkcaldy and The Queen Margaret Hospital, Dunfermline, NHS Fife offers a shuttle bus service.

The service currently runs on the below timetable (subject to change) –

VHK to QMH	QMH to VHK
07:55am	09:00am
09:40am	11:00am
11:45am	12:30pm
01:40pm	02:30pm
03:45pm	04:30pm
05:15pm	06:00pm

If you are interested in using this service please contact us using the details below –

Email – fife.mesbookingrequests@nhs.scot

Tel - 01592 643355 ext 28831

Please note this is a popular service and capacity remains restricted, we cannot guarantee availability.

End of Placement Information

A few reminders before you leave -

- Please vacate your accommodation by 10am on your last day. If you need to leave your luggage somewhere feel free to use the lockers in the Education Centre or for bigger items just pop them under a table in the Education Centre
- Please return your accommodation keys to the Accommodation Officer by 11am (office is on level 1 of phase 1 of the hospital – the Estates Department)
- Please return your ID badge and pink card holder on the last day you are due on placement in Victoria Hospital, please drop it in the white box which is on the wall next to Room 1 in the Education Centre.

Feedback

Please note along with the annual feedback the university will ask you to complete, we may also contact you for feedback on certain teaching sessions, placement changes etc.

This may be in the form of an online survey or we may email you direct to ask your thoughts on something you experienced during your placement.

We would ask however that at the end of your placement, you leave some comments using the QR code below, this helps us improve our placement offering for future groups.

Undergraduate
Quick Feedback Form

If you would like to provide us with some quick feedback about your placement, please follow the steps below.

Please note all responses are anonymous.

1. Scan the QR code
2. Identify which placement you have been on
3. Answer the 3 short questions (takes approx. 3 minutes)
4. Submit your answers and help us improve your placement experiences
