IT'S WHAT MATTERS TO YOU

At your appointment with CAMHS, we want you to be fully involved in the conversations and decisions. So think about what you hope to get out of your CAMHS appointment.

This is your appointment and we want to let you know that it's OK to:

- talk about how you're feeling
- say there's something specific you want to talk about
- say if you don't understand something
- say if you're uncomfortable or scared talking about something
- ask why something is being suggested
- say you're not happy with something
- say you need a break
- bring a trusted adult with you if you need support or want help to ask questions

IT'S OK TO ASK

Before your appointment, it might help to make a list of things you'd like to say and questions you want to ask, for example:

- What can I expect from my CAMHS appointment?
- What difference will coming to CAMHS make to me?
- What if I don't feel comfortable with what is suggested?
- Is CAMHS the right service to help me, or is there another service that would suit me better?
- Can I do anything to help myself?

GETTING THIS RIGHT FOR YOU

In CAMHS we want to make sure we are getting this right for you. To help us improve our service, we'd really like to hear what you think about your CAMHS appointments. After your appointment, we'd be really grateful if you could take a few minutes to give us feedback:
